

Dear Church Family,

As of July 10th, 2020 at 6pm, Summit County, Ohio is under Risk Level 3.

The state of Ohio has required that facial coverings be worn while attending church services.

Facial coverings **are required**:

- When indoors and around people who are not your family members.
- When outdoors and unable to maintain social distancing.
- When operating or riding on public transportation.

Facial coverings are **not required**:

- When riding in your own vehicle by yourself or with family.
- For children 10 years old and younger.
- When outdoors and able to maintain social distancing.
- For those who are leading (officiating) a religious service (i.e. Pastor, moderator, teacher, music director).
- When a medical condition restricts the use of a mask.

We will continue to follow our current service schedule. The next phase of our reopening scheduled for this Sunday will continue as planned. Should you desire a mask, they will be available upon entrance (while supplies last).

While we seek further clarification on the required use of masks and continue to monitor this mandate, our objective continues to be focused: the sharing of the Gospel of Jesus Christ, and the edification of the Body of Christ.

Community Baptist Temple is open for service and will continue to operate in our normally safe capacity. We look forward to our continued services together!
